

NORINVEST HOLDING SA

Press release
27 December 2016

The stock exchange approves Norinvest's delisting request

On 27 December 2016, SIX Swiss Exchange approved the delisting request submitted by Norinvest Holding SA (NIH).

The expenses related to the constantly increasing requirements for maintaining an exchange listing became always more difficult to justify in view of the volume traded and free float of NIH.

27 April 2017 shall therefore be the last trading day, while all of the 25'689'000 registered shares issued by NIH with a nominal value of CHF 1 each shall effectively be delisted from SIX Swiss Exchange on 28 April 2017.

As of 28 April 2017, it is anticipated that the shares in NIH shall be admitted to trading on an OTC platform.
